(Performance for Inner City Children June 2008)*

See It... Live It... Create It... Dance (SLC) *Leader, Director, Originator*

It all began in September 2007 as 'Strong Like Cattle' - but starting in January 2012, Katrina changed SLC to See It... Live It... Create It... Dance! SLC is an underground musical theatre dance group that was created in order to help support the "cattle-call" dancer who frequents auditions and dance classes. This group offers an easy way for one to network, to take dance classes without the exorbitant expense, and finally it provides a performance outlet for the passionate dancer/actor when he/she is in between gigs.
